Filed:	September 18, 2001	Docket No.:	703.019US3
Title:	SUPPLY VOLTAGE REDUCTION CIRCUIT FOR INTEGRATED CIRCUIT		

AMENDMENT AND RESPONSE UNDER 37 CFR § 1.111

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

This responds to the Office Action mailed on October 7, 2003. Please amend the above-identified patent application as follows.

If necessary, kindly consider this a Petition to obtain a two-month extension of the period for responding to the Office Action, thereby moving the deadline for response from January 7, 2004 to March 7, 2004. However, applicant does not believe that such a time extension is required as the examiner agreed to restart the time period for a response due to the USPTO's failure to include the form PTO-892 with the Office Action to identify the patent number of Tobita.
